YOUTH BALLROOM PROGRAM

Our goal this year is to help our students prepare for their future Ballroom dancing goals. With this goal in mind, we decided that a focus on competitions would help prepare and improve these students and get them ready to continue Ballroom dancing after high school, whether in college or just in general.

Competitions give students the opportunity to take what they've learned in class, apply it, and be evaluated by qualified adjudicators from around the world. In addition, students will learn to improve their communication skills by working with a partner, build life-long friendships and learn more about the growing world of ballroom dancing.

From August to March, we will primarily focus on competing. From March to May, we will learn a routine to be performed at recital.

BALLROOM BEGINNER: AGES 7-12

Class Time: Tuesdays 5:00-5:50PM

Dances To Be Taught: Waltz, Samba, Cha Cha at Junior High Level
